MINIMUM SECURITY STANDARDS FOR TRUCKING SERVICES SUPPLIERS
TRUCKING SECURITY AUDIT REPORT**

Company		Date of Audit	
Location		Phone Number	
Contact Name		Fax Number	
AUDITOR(s)		Email	

Audit Rating Score	Description of Measurement Criteria	Standard	Point Value
N	Not present/utilized - No plans to adopt/implement	Not Acceptable	FAIL: Does not meet Overall Requirements
Y	Generally present and meeting requirements	Acceptable	PASS: Meets Overall Requirements
X	Requirement does not apply. Requires buyers approval	Not Applicable	None

Audit Results	Previous Audit Result	Improvement Status
Vehicle/route class	2	
Total Score	0,0	
Possible Score	48	
Percentage	0,00%	
Mandatory Items (M)	Did not meet 1 or more Mandatory Items (M)	
Overall Standard	FAIL: Does Not Meet Overall Requirements	

Audit Form	Preventative Measures	Score	Classification	Total Score	COMMENTS	
1. Physical Security						
1.1 Truck Security	(M) 1.1.1 - Locks on all truck doors in place		2	0		
	(M) 1.1.2 - Fuel cap lock in place on all fuel tanks		2	0		
1.2 Trailer Security	(M) 1.2.1 - Hard sided trailer utilized		2	0		
	1.2.2 - Re-enforced curtain with TIR/Bond sealed cord in use		2	0		
	1.2.3 - Padlocks on trailer doors in use during entire journey		2	0		
	1.2.4 - Security tamper evident seals in use		2	0		
	1.2.5 - Trailer immobilization device in use when trailer is uncoupled (Airbrake/Kingpin)		2	0		
	1.2.6 - Alarm device installed to detect intrusion		2	0		
				Section Total:	0	0,0%
				Total Possible:	8	100%

2. Security Systems	Preventative Measures	Score	Classification	Total Score	COMMENTS	
2.1 Truck Security Systems	(M) 2.1.1 - Two way communication system present during entire journey		2	0		
2.2 Tracking and Tracing	2.2.1 - Satellite track- and trace-device installed on truck		2	0		
	2.2.3 - Satellite navigation system installed		2	0		
	2.2.4 - Remote route monitoring in place		2	0		
2.3 Alarm(s)	(M) 2.3.1 - Electronic alarm on truck when left vacant		2	0		
	(M) 2.3.2 - Electronic alarm activated automatically by locking truck		2	0		
2.4 Vehicle Immobilization	(M) 2.4.1 - Truck immobilization device installed		2	0		
				Section Total:	0	0,0%
				Total Possible:	7	100%

3. Security Procedures	Preventative Measures	Score	Classification	Total Score	COMMENTS
3.1 Collection	(M) 3.1.1 - Verification procedure in place for loads. (documented). Documents stating details on address, names of shipping and receiving personnel.		2	0	
	(M) 3.1.2 - Verification of collection documents		2	0	
	(M) 3.1.3 - Sealing of the vehicle to be witnessed by warehouse staff (documented)		2	0	
	3.1.4 - Driver present at all loading unloading operations, consignee must allow		2	0	
3.2 Delivery	(M) 3.2.1 - Verification process in place for delivery/ hand over of goods.		2	0	
	(M) 3.2.2 - Hand over procedures in place to prevent loss.		2	0	
	(M) 3.2.3 - Seal only to be opened/broken in presence of consignee		2	0	
3.3 Pre-alerts/advise	(M) 3.3.1 - Pre-alerts to be checked and verified by Supplier and agreed by buyer		2	0	
3.4 Scheduled Routing	(M) 3.4.1 - Designated routes to use including planned stops in advance and approved by buyer		2	0	
3.5 Incident, Event and Action Reporting (escalation procedure)	3.5.2 - Delays caused by detours, traffic jam, strike etc. To be reported immediately to suppliers base		2	0	
	(M) 3.5.3 - Incidents like vehicle breakdown, illness etc. Reported to suppliers base and followed up immediately		2	0	
	(M) 3.5.4 - Procedures in place in case of disruption of transport (vehicle breakdown, route deviation etc.)		2	0	
	(M) 3.5.5 - Procedures in place to respond to security incidents.		2	0	
3.6 Vehicle Maintenance Program	3.6.1 - Documented maintenance program according manufacturers specifications in place		2	0	
	3.6.2 - Documented routine check before and after at every start or end of a journey/trip		2	0	
3.7 Stops (taking in fuel, meals, short breaks, and unscheduled stops.	3.7.1 - Truck and trailer to be parked in sight of driver(s) at all times, locked and alarm activated (comfort break)		2	0	
	3.7.3 - Procedure how to respond to law enforcement agencies/officers		2	0	
3.8 Secure Parking	3.8.3 - Overnight parking on a dedicated, secure parking (supplier owned)		2	0	
	3.8.4 - Overnight parking on a guarded parking		2	0	
3.9 Contingency Planning	3.9.1 - Plans in place to take appropriate measures (documented) in events of vehicle breakdown, driver's incapability, unforeseen stops etc.		2	0	
	3.9.2 - Plans in place to take appropriate measures (documented) in events of arriving outside offloading slot(s), refusal for offloading etc.		2	0	
3.10 Key Management	3.10.1 - Documented process in place to manage keys of trucks, trailers, pad-locks, kingpin locks etc.		2	0	
	(M) 3.10.2 - Keys ad spare keys kept seperately . Spare keys kept in a secure environment.		2	0	
Section Total:				0	0.0%
Total Possible:				22	100%

4. Personnel Security	Preventative Measures	Score	Classification	Total Score	COMMENTS
4.1 Screening/Vetting within constrains of local legislation	4.1.1 - Criminal history checks (applicability depending on local law)		2	0
